Dear Ms Sinram:

The Mississippi Republican Party (C00084368) received the Federal Election Commission's request for additional information, dated September 4, 2013, regarding the committee's March Monthly Report (2/1/2013 - 2/28/2013).

1)On schedule H2 of this report the committee inadvertently checked the new box instead of the same as previously reported for the 2013 Sustaining Membership activity. The committee amended this report to change this on the schedule H2 to same as previously reported.

2)The schedule H4 discloses items that were to be paid with 100% non-federal funds but do to an error by the committee they were paid out of the federal account. This disclosure was meant to accurately reflect this error and show that the expense was paid out of the federal account but should not have been, and was permitted to be paid with 100% non-federal funds. So the committee reported the amount and then showed the transfer of this amount from the non-federal account into the federal account. Thus correcting the mistake that resulted in the payment coming out of the federal account. The committee had a transition to new staff at the beginning of the year and in stressing to the staff the concern of making sure no federal expenses were paid with non-federal dollars, the staff paid a few items out of the Federal account that were 100% non-federal expenses. The committee has reviewed the process for how expenses are allocated and paid to insure that further payments are not done in this manner.

Sincerely,

Paul Breazeale
Treasurer Mississippi Republican Party
